## FOCUS ON PEOPLE.

### SUCCESS HAS MANY FATHERS

This guiding principle has coined the family business since its founding in 1996 and is today practiced by more than 1,200 employees.

The redi-Group specializes on the conception and implementation of tailor-made system services in the field of quality assurance and quality management.

Whether strategic consulting or operational implementation - we provide everything from one source.

Trust, intensive training and cooperative partnership are the basis of our mutual success.

Around the clock and around the world our teams are on hand with help and advice. We are on the spot wherever you need our support.

The redi-Group merges interdisciplinary knowledge, experience and competence into three business areas: **Quality Assurance**, **Quality Optimization** and **Quality Training**.

REDI-GROUP

- More than 22 years of experience in the automotive industry
- Intellectual property and experience gained in about 1,000 projects
- More than 4,500 customers
- 1,100 experts worldwide
- Headquartered in Germany
- Subsidiaries in 7 countries and on three continents
- Project assignments in 33 countries

INTERDISCIPLINARY QUALITY SOLUTIONS FROM ONE SOURCE.

## QUALITY ASSURANCE. FAST AND RELIABLE

### PRODUCT

- Testing | Sorting | Reworking
- Assembling
- Initial Sampling
- Operating of Q-Gates | Firewalls
- Industrial Measuring

We offer a standard of operative quality assurance that goes way beyond the norm.

Our skilled workers, master craftsmen and measurement engineers are available around the clock – quickly and dependably. You can rely on that.

## QUALITY OPTIMIZATION. TAILOR-MADE AND PRECISE

### PROCESS

- Supplier Qualification
- Analysis of Value Streams
- Launch Support
- Implementation of Quality Systems
- Managing of Projects

Our technicians and engineers are assiduous when it comes to quality.

We offer our customers complete solutions in process of product development along the value creation chain.

With our comprehensive expertise we proactively support you during the design phase, actively during the development and reactively during the series production.

# QUALITY PROFESSIONALS & TRAINING.

## FIRST CLASS AND QUALIFIED

### PEOPLE

- Recruitment and Selection
- Assessments | Coaching | Development
- Interim Management
- Training: Quality Systems
- Training: Production Processes

We find suitable specialists and executives to fill your vacancies. We align our services to fit with your individual requirements. Upon request, our recruiting team accompanies the entire search and selection process, from research to communication and correspondence with candidates up to employment.

With our targeted development courses, we are able to train suitable individuals in the skills needed for your company.

RE(A)DILY AVAILABLE.  
AROUND THE CLOCK, AROUND THE WORLD

## LOCAL CONTACTS.

### SERVICE ACROSS BORDERS AND FAST RESPONSE TIMES

Our subsidiaries are cross-linked internationally. We are close to our customer so that you benefit from worldwide knowledge transfer.
